Every person who is interested in Shorthorns or other improved livestock is cordially invited to visit Hickory Knoll Farm on Saturday, March 7, to see our herd and to help appraise the offering of Shorthorns that we shall present.

We have selected from our herds, for this occasion, only such animals as we know will be profitable to purchase and that will improve the cattle stocks of Michigan and neighboring states and provinces.

Every cow of breeding age that is listed in this catalog has produced one or more desirable calves or is safely with calf by a first class bull. There are three mature bulls in the sale that we can recommend as sure breeders of calves that are improvements upon their dams. The young bulls and heifers are of excellent type, character and quality and are first class prospects with which to improve a herd.

We are sure that you will like our Shorthorns. We are confident that you will profit by buying and using them and we shall treat our customers and patrons as we should wish and expect to be treated if we were the buyers.

You will not buy any animals better bred than these Clippers. She was bred December 7, 1941 to Prince Beverley (Imp.) and should have a very choice calf from that service.*

Hickory Knoll's Lilac 3rd is typical of the heifers sired by our former herd bull Brawith Albino by the famous Brawith Boy (Imp.). She is just right to be shown in the junior yearling class this year and she can win. She is a deep red with a good wide, smooth top, unusual depth, short legs and a good head. Her dam raises her calves without any additional milk, and you are sure to like this heifer.

HICKORY KNOLL'S SYRINGIA 2001417

*Hickory Knoll's Syringia is a direct descendant of one of the famous Missies by Earl of Kingston that was imported by Carpenter and Ross. No better importation was made. She is a grand, deep-bodied cow that is an excellent producer and one of the best milkers in the herd. She has at foot a red bull calf dropped November 21, 1941, sired by Prince Beverley (Imp.). She was re-bred December 17 to Prince Beverley (Imp.). The calf at foot will grow into a real herd bull, and there is always profit to be made in buying a three-in-one.*

Bertha 5th, though still young, has produced some of the beefiest and typiest calves in our herd. You will see why she is good when you read her pedigree. Like most good producers she is also a grand milker. She was bred July 17, 1941 to Prince Beverley (Imp.), Lot 1 in this catalog.

HICKORY KNOLL'S MYSIE 2053217

*Hickory Knoll's Mysie is as short legged and typy as she appears in this picture. She seems to inherit those characteristics from her sire, Brawith Albino by the famous Scottish and Canadian grand champion Brawith Boy (Imp.). She is one of the kind you like and if you choose to show her this year, you may be assured that she will make a good account of herself in the junior yearling class.*

Melrose Missie 4th has been saved for last place in this catalog so the readers will see that this offering is good to the end. She is a deep, blocky, young, solid red cow that sells with an excellent bull calf dropped October 2, 1941, sired by Prince Beverley (Imp.), and she was re-bred to Prince Beverley (Imp.) on December 19. You will like this lot and it will make you money if you buy it.
